Robert & Michelle Steinhagen
304 Pheasant Hill Drive
McLendon-Chisholm, TX 75032

Dear Robert & Michelle,

Our friend and neighbor, Steve Hatfield, has been the victim of vicious attacks from his opponent, Robert Steinhagen. Just like most bureaucrats who use misleading or deceptive language, Mr. Steinhagen is playing fast and loose with the facts.

Steve Hatfield is a good man who lives, worships and raised his family in McLendon-Chisholm. Mr. Steinhagen is a Washington insider who worked for a liberal Senator. Since moving here recently, Mr. Steinhagen has been trying to drive a wedge in our community in order to satisfy his own selfish political agenda.

Please allow me to set the record straight with a few examples. First - Many of you attended the public City Council meetings about the proposed City Hall building. Mr. Steinhagen continues to be deceitful about this project by saying it was approved behind closed doors. That is simply not true.

In fact, public records prove that the final amount approved by the City Council for the City Hall building is exactly what was spent and not a penny more. Also, our city enjoys an AA-Bond Rating because of its superior financial condition.

Second - When a vote on the proposed Sonoma Verde development went before the City Council, Steve Hatfield voted against it, yet Mr. Steinhagen falsely said Steve supported it.

Third - With regard to population density, Mr. Steinhagen seems to be confused. He claims to oppose it, but both Steinhagen and one of the city council candidates he is endorsing live on lots that are under the 1.5 acres minimum he so "adamantly" supports.

Fourth - On the subject of taxes, Mr. Steinhagen conveniently leaves out some important details, like the fact that we still have an exceptionally low tax rate. Then he fails to mention the positive results of the rate change, which are enhanced fire and medical protection, infrastructure improvements and the City Hall building.

The list of half truths alleged by Mr. Steinhagen goes on and on, but you get the idea. We don't need a bureaucrat from Washington serving on the City Council in McLendon-Chisholm. We should not trust Mr. Steinhagen with our tax dollars if he is not going to be truthful.

Please join me to support for City Council - Steve Hatfield, a man with integrity.

Sincerely,

Judy Moss
